Effective Monday, March 21, 2022, PAI is updating its mask policy and accompanying protocols. The below table provides more information regarding these changes.

Protocol	Participant	Staff	Additional Actions and Information
Wear a mask while riding on transportation.	•	•	Per the CDC and TSA, the requirement for mask use on public transportation has been extended through April 18, 2022. More information can be found here . All participants who are able and all staff members must continue to wear a face mask while on Newtrax transportation.
Wear either a surgical, KN95, N95, or cloth mask while at PAI.		•	Effective Monday, March 21, 2022, staff members who are required or who choose to wear a mask are allowed to wear a cloth mask, surgical mask, KN95 or N95.
Lifting of face mask requirement while at PAI pending proof of vaccination.		•	Effective Monday, March 21, 2022, staff members who are up to date on their COVID-19 vaccinations and choose to provide proof of “up to date” status to Human Resources are not required to wear a face mask while at PAI. A staff member is considered up to date when s/he has received all recommended doses in their primary series COVID-19 vaccine, and a booster dose when eligible. More information can be found via this link .
