

BRINGS QUALITY OF LIFE, QUALITY OF  
WORK, AND QUALITY OF COMMUNITY IN  
THE PLACES WHERE ABILITIES INTERSECT

# WAYS TO GIVE

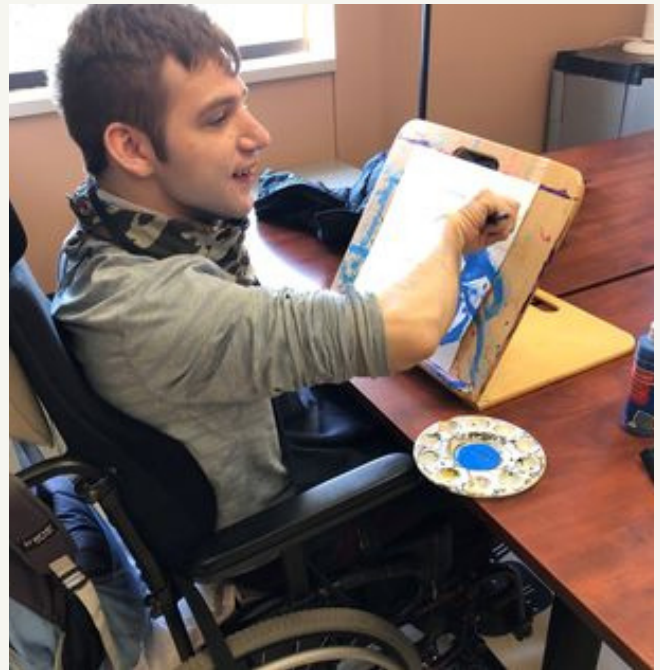

## YOUR GIFT MATTERS

"I just want the same things everyone else wants." This is the reality for individuals living with disabilities who want to experience great relationships and meaningful work, the chance to do things independently, and to be seen and heard.

Open to exploring and responsive to change, at PAI we take a forward-thinking approach to everything we do. We work hard to anticipate the future and what the individuals we serve will

need tomorrow while being the extra support they need today. Advanced programming is made possible by generous contributions to our Annual Fund, and we have many ways for you to become a life-affirming supporter of those we serve.

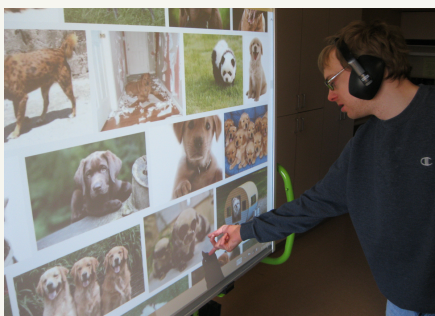

# RECURRING GIFTS

"I started monthly automated donations to PAI in 2017. It's easy to do and I feel it's the least I can do for this outstanding organization. I know my gifts make a big impact and I wish I had started earlier."

**- Liz, Family Member**

## *Your Monthly Gift Pays For:*

**Art supplies  
& classroom  
instruction**

**\$15**

**Therapeutic  
music  
programming**

**\$25**

**Assistive  
technology  
equipment**

**\$50**

*click here to  
get started!*

Just like people count on PAI to give the highest quality and customized care, PAI counts on consistent and reliable gifts to continue to innovate and expand programs and connections.

# MORE WAYS TO GIVE

## ANNUAL CAMPAIGNS

Every year, PAI spotlights two areas that require time-critical funding – once in the spring and once in late fall. Members of our community are most important in helping us achieve specific goals. Stay in the loop by [signing up for our digital newsletter](#).

## MAJOR GIFTS

Families and community members that contribute \$1,000 or more are leaders in underwriting the “above and beyond” excellence of service we give to every

individual who comes to us for care and livelihood.

Major donors are recognized on an art sculpture specially designed and created by PAI participants in collaboration with a local arts organization.

## HONORS & MEMORIALS

People can be honored or memorialized as celebrations of life, and PAI takes great care in letting families and individuals know about gifts made in their name. Each PAI location has living and fine art pieces to display honorariums and tributes to those who have made lasting impressions on our community.

## WORKPLACE GIVING

*If you are an employee:* PAI gladly accepts matching contributions from employers. Contact us if we can assist in facilitating an employer match.

*If you are an employer:* Your company can partner with PAI by hiring our trained and skilled participant workers, volunteering for group workdays, making a corporate gift and encouraging your customers to do so too, and/or displaying our materials at your retail location. PAI takes a customized approach to each person, program, and partnership we create. Tell us what matters most your business and we are sure to have a way to creatively engage.

## BENEFIT EVENTS

PAI responds positively to people and businesses that want to raise money for our organization by hosting a special event or giving proceeds from sales.

We are also part of Made in the Shade, a recreational benefit event that takes place every September. Made in the Shade relies on pledges, registration fees, and sponsorships to raise money to support our day programs and employment services.

## CAPITAL & BUILDING INVESTMENTS

Every building and classroom at PAI has an improvement plan made up of projects large and small, and each improvement adds to our organizational transformation. Please come for a tour to see areas where your gift can have the biggest impact.

## PLANNED GIFTS

When families and individuals choose PAI to be their place to gather, work, play, learn, and explore, that choice often lasts a lifetime. When making plans for bequests, estates, insurance, and Wills, we encourage people to include PAI. Legacy giving ensures a sustainable path forward and is a meaningful way to pay forward a life well-lived.
